

IS THIS PROVINCE TO HAVE THIRD POLITICAL PARTY?

Morning Albertan, Calgary, Says
That Its Organization is Al-
ready Under Way
FOR PROVINCIAL RIGHTS

Platform to Be Prepared at Meet-
ing to Be Held in Edmonton
Soon

Calgary, June 13.—The Albertan to-
day prints the following article: "An-
other party will shortly appear on the
political horizon of Alberta, and this
province will soon have as many
political parties as there are in the
United States. A meeting will be
called at an early date to be held in
Edmonton to outline the party."

"The objects of the new party are
not yet made public but it is intend-
ed to include every man of every
political creed or color who is will-
ing to subscribe to its principles. So
far as can be learned the principal ob-
ject of the new party will be to guard
the rights of the province against
real or imaginary federal dictation
and to protest against the usurpation
of arbitrary authority on the part
of the Lieutenant-Governor."

"The new party had its birth in Kent
Dyer, at least, that is where it was
first talked of and any definite action
taken. The movement, it is said,
has spread to every part of the prov-
ince. It is also claimed that leading
men from every constituency will be
present at the Edmonton meeting and
take part in the framing of a political
platform on which to appeal for
support to the people of Alberta."

"The Albertan last night called up
Mr. W. J. Treagus over the tele-
phone to get some information in re-
gard to the political organization to
which he refers in his letter in this
morning's Albertan as having been
formed. In reply Mr. Treagus said
that he was not at liberty yet to make
known the names of the men who
were taking the leading part in the
formation of the new party. He had,
however, received letters from many
leading men of both political parties
advocating such a movement and pro-
mising it support."

"My letter in the Albertan," he
said, "will fully explain my position
on the subject, and although I am
too busy to take much part in its or-
ganization, it has my hearty ap-
proval. It will consist of men of
every political opinion who are will-
ing to subscribe to its platform, which
will be submitted at the Edmonton
meeting, after which meetings will
be held at different points through-
out the province."

BUFFALO FOR THE GOVERNMENT PARK

Three Car Loads of Them Arrive
at Wainwright From Ravelle,
Montana

Wainwright, June 13.—Three cars
of buffalo reached here on Saturday
from Ravelle, Montana. They arrived
in fine condition and were under
the personal supervision of Alex.
Avette. The shipment was made up
of 34 cows and 12 bulls. The govern-
ment park now contains in the neigh-
borhood of 50 buffalo. They left Mon-
tana last Monday. There are about 80
more to come. While en route one
car containing eight bulls was sent
to Banff.

FORTY KILLED IN FIRE THAT BURNED NEWSPAPER BUILDING

Montreal, June 13.—Today between
twenty and thirty lives were lost in a
fire which destroyed the Herald
newspaper building this morning. The
loss of life was due to the collapse of a
water tank which crashed through
the building from the roof.
The exact number of dead will not
be known until the debris is cleared
away.
The tank collapsed at 10:15, the gas

HE HAD NO SLEEP FOR TWENTY YEARS

Policeman Struck by Lightning
Twenty Years Ago Was
Unable to Sleep

Hackettstown, N.J., June 13.—Al-
onzo Wire, famous for twenty years
as "the sleepless policeman," passed
quietly into his final sleep Saturday
night. Twenty years ago he was
struck by lightning. The shock de-
prived him at first of his speech and
his hearing and when he subsequently
regained them, left some subtle de-
rangement of the nervous system
which prevented him from sleeping.

MANY LETTERS ARE UNCLAIMED

They Are at the Immigration Of-
fice—Some of Them Contain
Money

ARE IN ALL LANGUAGES

It Has Been Found Practically
Impossible to Locate All the
Owners

The immigration office at this time
has the appearance of a country post
office, letters and packages of all de-
scriptions bearing post marks of post
offices the world over adorning the
walls. Some of the addresses are
most unique and are written in
many foreign languages. Many of
them have been waiting the call of
the addressee for some time.

Just what is contained in these let-
ters is a matter of considerable specu-
lation. When the present immigra-
tion officer assumed office he took up
on himself the responsibility of open-
ing some of the letters that had ac-
cumulated and he found in many
cheques, money orders, trinkets of
all descriptions, and in some cases
they contained news of the demise of
some relative of the person to whom
the letters were addressed.

It is practically impossible to lo-
cate the owners of these letters.

STRANGE PARTNERS AMONG IMMIGRANTS

In Trio Were a Steeple Jack, a
University Man and a
Musician

It is not often that a German, an
Irishman and a negro are found
chumming together, but such a case
came to the notice of the immigra-
tion office on Saturday when the out-
fit snatched into the office in search
of work. It is even more ludicrous
when once is a bachelor of arts, one
a music teacher, and the other a
steeplejack. The colored man, C. W.
Verree, of Oklahoma, lays claim to
the educational honors and can pro-
duce a certificate to the effect that
he has taught in the state normal
school. Those John Sydes, the Ir-
ishman, is the steeplejack, while
Joseph Miesler, of Kentucky, can
boast of the unusual distinction of
having been leader of a German band.

MAN AND WOMAN SUICIDE TOGETHER

They Jumped From the Centre of
the Victoria Bridge at
Montreal

WAS IT A SUICIDE PACT?

The Two Were a Contractor of
St. Lambert, Que., and His
Adopted Daughter

Montreal, June 13.—A sensational
double suicide took place yesterday
when a man and woman jumped from
the centre of Victoria Bridge into the
swift current sixty feet below and
drowned. It is thought to have
been a suicide pact between the
two. The man was Albert Enough,
a contractor and builder, residing at
St. Lambert on the other side of
the river. The woman was his adopted
daughter Enid.

The two left home early in the
morning and were later noticed by
the bridge electrician sitting on the
bridge in close and apparently ear-
nest conversation. The girl at times
seemed to be expostulating with
him, but finally they seemed to have
reached an understanding, and sud-
denly the man rose, climbed the rail-
ing of the bridge and plunged into the
raging current beneath. A minute
afterwards the girl followed him. The
girl sank at once and was not seen
again. The man rose to the surface,
swam a short distance and dis-
appeared. The bodies have not yet been
recovered.

KITCHENER WANTS BETTER POSITION

He Has Asked Leave to Resign
as Inspector General of the
Mediterranean Forces

London, June 13.—It is understood
that Lord Kitchener has asked leave to
resign the Mediterranean command to
which he was appointed last August,
succeeding the Duke of Connaught as
inspector general of the Mediterranean
forces. There has recently been a
strong agitation to have Lord Kit-
chener appointed to a more weighty
position, such as viceroy of India.

attack of heart disease at his home in
London, England. A private letter

Barr's friends in England state that

and that he will have to cease writing

LAD WAS DROWNED IN SHEEP CREEK

Two Brothers Were in Peril—
Younger Boy Saved One
of Them

THIRTEEN YEAR OLD HERO

He Dived Repeatedly for Body of
His Oldest Brother, But
Without Success

Calgary, June 13.—A seventeen-
year old boy, named McInnis, son
of a rancher living at Beaver Dam,
near Midnapore, was drowned in
Sheep Creek, about ten miles south
of the city yesterday afternoon. A
younger brother might have met the
same fate had not a still younger
brother, only thirteen years old,
made a heroic effort to save him.
Three boys had gone for a swim.
The two eldest ventured too far out
and got into a hole that was beyond
their depth. Being poor swimmers
they were swept off their feet by the
current. The youngest was a bet-
ter swimmer and by hard work he
succeeded in rescuing Charles, who
works for the McElride Hardware Co.
in this city.

The eldest of the three had sunk
by this time. He may have been
seized with cramps in the icy water.
The youngest brother dived for him
several times without success. Then
the Bolton brothers of this city ar-
rived on the scene. They too strip-
ped off and dived where the accident
happened in an effort to reach the
unfortunate lad, but without success.
Finally by dragging the stream with a
rope they recovered the corpse.

FIRE RANGER DROWNED

Fifth Fatality This Summer Among
Ontario Government Men

Toronto, Ont., June 13.—The provin-
cial department of lands, forests and
mines today received a telegram from
Chief Ranger George McDonald, giv-
ing notification of the drowning of
Harry Manning, fire ranger at Indian
Chute on the Montreal river. This is
the fifth fatality among fire rangers
this season.

NO CLUE TO MYSTERY

Como, Italy, June 13.—The police today seem no nearer a so-
lution of the mystery of the murder of Mrs. Castle of New York than
they were the day the body was found huddled up in a trunk at the
bottom of Lake Como. Searching parties dragged the lake in expec-
tation that perhaps, the body of the woman's husband might be re-
covered or at least something in connection with the crime, but so
far the search has brought up nothing.

MRS. CASTLE
Mrs. Castle's body was found in a trunk in a lake near Moltrasio, It-
aly, on Saturday. Last August she caused a sensation in New York by
shooting at William B. Craig. Later her husband secured a divorce at
Nome, Alaska, and Mrs. Castle disappeared. She was a daughter of H.
H. Scott of San Francisco.

MADE FLIGHT IN AEROPLANE NEW YORK TO PHILADELPHIA

Aviator Carried Message From
the New York Times to the
Philadelphia Ledger.

New York, June 13.—Chas. Hamil-
ton, aviator, started from the govern-
ment stand at 7:35 o'clock this morn-
ing in an aeroplane flight from New
York to Philadelphia and return un-
der the auspices of the New York
Times and Philadelphia Public Led-
gers, and landed in Philadelphia at
9:28. His propeller broke in an at-
tempted start twenty-five minutes
earlier but was quickly repaired and
the aviator made a graceful rise,
circling the Island once and then
heading off over the Hill Van Kill
at a height of about 225 feet.

Just before 7:10 o'clock Hamilton
seated himself in his machine and
with a preliminary whirl of the pro-
peller the machine was let loose. It
travelled rapidly along the ground but
before he had gone a hundred yards
one of the propeller blades struck a
stake which projected above the sur-
face. The blade was smashed and
the aviator immediately stopped his
machine.

Canadian Helped.
A new propeller would have to be
substituted, it was seen. There was
a scurry and bustle and the avia-
tion supplies on the Island were soon
found able to furnish the desired ar-
ticle. The new propeller was set
whirling at 7:32 o'clock, and after
three minutes of testing everything
was working well. He released the
machine at 7:35 and rose rapidly from
the Island. The weather conditions
were not far from ideal. The air was
practically dead, and a light breeze
blowing at about eight miles an hour
from the south-east.

Hamilton's brother aviators, Glenn
H. Curtis and "Casey" Baldwin, Cana-
dians, were of material assistance to
him in his preparations for his flight
and in repairing the damage. Curtis
and Baldwin and Baldwin's mechanic,
"Slim" Schriver, worked like beav-
ers in helping to fit the new pro-
peller. The flight among fire rangers

MONDAY, JUNE 13, 1910.

Hon. W. H. Cushing has also started for Europe. If this kind of thing continues, editorial comment on the political situation will soon have to be suspended for the summer. The ex-Minister's trip at this particular time is exceedingly unfortunate, as there are several things that his friends were anxious to have him explain at an early date.

The university grounds in Strathcona are well worth a visit at the present time. The progress that has been made in building operations and in laying out the property should reassure those who are inclined to believe that there is any danger of the removal of the seat of higher learning elsewhere. The foundations for the university proper give an idea of the spacious lines on which the building has been planned. Two or three hundred yards to the west of the walls of Alberta College are going up. Now that the Presbyterian general assembly has sanctioned the establishment of the theological college for Alberta, it is understood that no time will be lost in commencing operations. A large part of the grounds have been sown and driveways built, and the visitor has now an excellent opportunity of realizing how admirable the situation is. There will be no more attractive university site in America.

The conviction at Edmonton for the second time within five years of a man named King on a charge of murder is a rather remarkable coincidence. Moreover, the two cases were in many respects similar. In each the prisoner was accused of murdering his travelling companion. As in that near Lesser Slave case, in this case this has just been attracting such widespread interest, there was the evidence of those who saw the two men going in a certain direction and but one man returning. The skill of the Mounted Police in the detection of crime was very clearly manifest in both. As to the lasting credit of the members of that body, that though in a new country like this it would appear, with a comparatively small population scattered over so wide a stretch of territory, that it would be easy to make away with a man and suffer no penalty, the cases of mysterious disappearances which have been unsolved have been very few.

The address given in London by ex-President Roosevelt on Egyptian affairs has become a matter of such controversy that it is well worth while reproducing from an English paper which has just arrived, a report of his utterance:

"I speak to you as an outsider, but in one way this is an advantage, for I speak without national prejudice. I would not talk to you about your internal affairs here at home, but you are so very busy at home I am not sure whether you realize just how things are abroad. Anyway it can do you no harm to hear the view of one who has been on the ground and has information at first hand, of one who is the sincere well-wisher of the British Empire but who is not English by blood, and who is impelled to speak mainly because of his deep concern in the welfare of mankind and future civilization."

"Remember also that I am not only an American but a radical, a real, not a mock democrat, and that what I have to say is spoken chiefly because it is a democrat and a man who feels that his first thought is bound to be for the welfare of the masses of mankind, his first duty to war against violence, injustice and wrong-doing wherever found, and I advise you only in accordance with the principles on which I have myself acted as an American President in dealing with the Philistines."

Col. Roosevelt warned his audience that the present condition of affairs in Egypt was a grave menace to both the empire and civilization. After asserting that England had given Egypt the best government in 2000 years he continued:

"Yet recent events, especially with what happened in connection with and following the assassination of Boutros Pasha (the Egyptian Premier who

was killed by a Nationalist), have shown that in certain vital points you have erred and it is for you to make good your error. It has been an error proceeding from an effort to do too much and not little, in the interests of the Egyptians themselves."

"But unfortunately, it is necessary for all of us who have to do with uncivilized peoples, especially fanatical peoples, to remember that in such a situation as yours in Egypt, weakness, timidity and sentimentality may cause even more far-reaching harm than violence. Of all the broken reeds sentimentality is the most broken reed on which righteousness can lean."

After detailing the unusual conditions in Egypt following and preceding the murder of Boutros Pasha, the Colonel went on:

"The attitude of the so-called Egyptian Nationalist party in connection with this murder has shown that they are neither desirous nor capable of guaranteeing primary justice, the failure to supply which makes self-government not merely an empty but a vicious farce."

"It was with the primary object of establishing order that you went into Egypt twenty-eight years ago. * * * Now, either you have a right to be in Egypt, or you have not. Either it is or it is not your duty to establish and keep order."

"If you feel that you have not the right to be in Egypt, if you do not wish to establish and keep order there then by all means get out of Egypt. If, as I hope, you feel your duty to civilized mankind and your fealty to your own great traditions, alike bid you to stay, then make the fact and the name agree, and show that you are ready to meet the responsibility which is yours."

"It is the thing, not the form, which is vital. If the present forms of government in Egypt established by you in the hope that they would help the Egyptians upward merely serve to provoke and permit disorder, then it is for you to alter the forms, for if you stay in Egypt it is your first duty to keep order, above all, to punish murder and bring to justice all who incite others to commit murder or condone crime when it is committed."

"When a people treat assassination as the cornerstone of government they forfeit all right to be treated as worthy of self-government."

The colonel concluded as follows: "Some nation must govern Egypt. I hope and believe that you will decide that it is your duty to be that nation."

What great harm such an address can do is difficult to understand. The opinion of an outsider is sometimes well worth paying attention to and it helps to solve a problem in the right way, considerations of international etiquette will carry weight with few people. Mr. Roosevelt's observations will strike most people as thoroughly sane.

The groom's gift to the best man was a scarf pin in the form of a riding crop set with a diamond, and to the ushers he gave gold pieces.

Following the service in the church, the guests, over fifty in number, drove to the residence of the bride's parents in Rose street, where a reception was held and a delicious buffet supper served. BIG OVERGROWN BOY

Professor Mills Criticizes Citizens of Montreal for Lack of Interest in University

Montreal, June 10.—Prof. Wesley Mills, one of the oldest and best known professors of McGill University who has resigned from the staff after twenty-five years continuous service and is leaving for England, created a sensation at the annual convocation which was held yesterday, by a vigorous and outspoken address in which he strongly criticized the lack of sympathy shown by the citizens generally for the university. He characterized Montreal as being a big overgrown school boy satisfied with mere material progress and caring little for the higher life and humanities.

CHURCH ANNIVERSARY

Special Services Held at the Syn-

—Social Tonight

Well attended anniversary services were held yesterday in Syn-
dicate Avenue Baptist Church. Rev. C. W.
Jackson, secretary of the Baptist
Union of Western Canada, preached
special services in the morning and
evening, and in the afternoon ad-
dressed a mass meeting of the Sunday
schools. The minister's subject in the
morning was, "The Church of God,"
and in the evening he delivered a
sermon from the text, "Christ came
to seek and save that which was
lost." At the afternoon meeting he
dwelt largely on the responsibilities
that the Baptists have in the pro-
vince.

A congregational social will be held
in the church this evening at eight

DROWNING AT REGINA.

Regina, June 13.—The first drown-
ing fatality of the season took place
yesterday on Wascana Lake, when
George A. Renwick, a young man of
23 years of age, lost his life. Renwick
was canoeing with his room mate,
J. C. Stewart, when the craft cap-
sized, but Renwick, who was ap-
parently seized with cramps, sank
and did not rise again, his body be-
ing recovered some hours later.

ARE CONSTRUCTING
MANY ELEVATORS

Alberta Pacific Elevator is Carry-
ing Out Most Aggressive
Building Campaign

Calgary, June 13.—A most ag-
gressive building campaign is now being
inaugurated by the Alberta Pacific
Elevator company of Calgary. They
aim to have, when the following sea-
son commences a line capacity of
30,000 bushels.

This company, according to Mr. A.
A. Smith, their elevator superintend-
ent, is the first to commence build-
ing elevators at Winnipeg, Dow Is-
land, Seven Persons, Barwell, Purple
Springs, Olive, Tees, Halkirk, Car-
leton, all of which are Southern and Central
Alberta towns.

Material and sites have been secured
for elevators at Loughheed, Hardis-
ton, Provost, Brandt, Acme, Cluny and
Bassano, and provisions for handling
grain will also be provided at Crow-
foot, Brooks, Carleton and Irricana.
The capacity of their Calgary elevator
will this year be increased as it has
been necessary during the past few
months to ship grain uncleaned to
destination as the local plant was not
in a position to accept all of the work
that was being offered.

NEWFOUNDLAND IS

ment in Catholic Church Is-
land Part of Dominion

Toronto, June 13.—Word has been
received by the Catholic Register Ex-
tension authorities that the Catholic
diocese of Newfoundland will be
under the apostolic delegate of 20,000.
Previously, Newfoundland Catholic
affairs were submitted directly to the
Propaganda at Rome. Under this
new arrangement all Newfoundland
church affairs are included in the Cana-
dian church government. This infor-
mation came direct from Mr. Saret-
ti, who is just now in Rome, and who
is the Canadian apostolic delegate.

STEEL COMPANY IN
SOUTHERN ALBERTA

St. Paul Capitalists Secure Option
on Coal and Iron Deposits
Near Cowley

Nelson, B. C., June 13.—An im-
portant railway and development
project, which has been maturing for
several years, has been discovered
as a result of Gardner & Carney Bros.
of Kaslo, selling over to St. Paul
capitalists, who are said to have
unlimited capital, an option on coal
and iron deposits near Cowley, for a
quarter of a million dollars.
The ore is magnetic and assays 65
per cent, and the syndicate intend to
build a modern steel plant, for which
the metal is admirably adapted. The
syndicate is stated to have secured a
charter for a railway into Calgary,
and the line is said to be located from
Bainie, across the Milk river towards
Pincher, following the Old Man river
into Livingstone range, then running
west parallel to the iron and coal
deposits north of Cowley. It will cross
the Calgary and Macleod branch of
the C. P. R. near Midnapore and have
a terminal in South Calgary.

MAY BE A MURDER.

Child's Body Found, Badly Mutilated,
in St. John.

St. John, June 13.—Saturday was
a day of tragedies in St. John, in-
cluding what is believed to be a de-
liberate child murder. During the
morning the body of a male child was
found on Courtenay Bay flats, badly
mutilated, with wounds in the stom-
ach and neck. In King street east,
Frank Carberry, aged 50, and Charles
Cain, aged 37, were hurried side by
side in a sewer trench, which caved
in. Carberry was caught standing and
life was crushed out. He made a
feeble attempt to stand, but fell al-
most to the neck, while the body was
being dug out. Cain was also caught,
but not seriously hurt.

A large array of talent will con-
tribute to the concert to be held to-
night by the Royal St. George's So-
ciety in the Oddfellows' Hall. Am-
ongst those who have promised their
assistance are Messrs. Vernon Bar-
ford, Howard Stutchbury, R. Moss,
H. G. Turner, Herbert Chadwick, H.
W. Heathcote, H. Williams, H. S.
Sewell, Arthur Edwards, Bloor and
Araulier, R. C. Watson and H. R.
Frankfield. Invitations have been
extended to the members of St.
George's Football team, A. W. Chal-
land, the president, will occupy the
chair, proceedings commencing at
8.45. Visitors are cordially invited.

SPAIN MOVING FORWARD.

Madrid, June 13.—The government
announces an impending decree abo-
lishing the article of the constitution
which forbids non-Catholics worship-
ing publicly in Spain. This prodig-
ious step in religious toleration has
caused a sensation and is likely to
excite considerable opposition. It
is due to Premier Canalejas and other
Liberal statesmen, who found King
Alfonso sympathetic with the propo-
sal.

MURDER SOCIETY
AMONG STUDENTS

Its Object Was to Intimidate the
Teachers to Secure Better
Marks

ONE TEACHER WAS KILLED

Lad Demanded Higher Marks and
When Refused Shot the
Professor

London, June 13.—The Italian pres-
sors suppressed most of the details
of the recent murder of Prof. Ghelli
by one of the students at the Lyceum
at Palermo. The police are convinced
that a criminal association exist-
ing the Camorra and Mafia exists
among the students of the fourth class
at the institution and that the murder
was practically an "execution."
The murder was committed by a
lad of 16 named Lidoni, the son of a
Palermo lawyer, on May 17. Li-
doni, when the class was assembled
for the daily lesson in Latin delib-
erately walked up to the professor and
asked him in a commanding tone
to give him better marks.
The professor refused and Lidoni
without saying a word took a revolver
from his pocket and fired. When he
saw his teacher fall he sat down and
calmly committed suicide. The profes-
sor was conveyed to a hospital,
where he died three days afterwards.
The police searched the body of the
murderer, and found a letter in Li-
doni's handwriting addressed to his
schoolfellows and marked "To be
opened after the misdeed." The let-
ter was signed "Bonaparte," which evi-
dently was Lidoni's pseudonym, and
the paper on which it was written
bore the emblem of a death's
head. In it the murderer, after bid-
ding farewell to his friends and com-
rades, informed them that he had ac-
complished his duty and stated that
he had purchased the revolver with
money which he had made by smug-
gling.

It has been ascertained that two
students in the same class have at-
tempted suicide within the last few
months. The police are convinced
that the society named "Pericula, fili
amemus," was a secret one and that
its object was to intimidate the teach-
ers and force them by means of
threats to give good marks to the
students.

BIG COMPANY IS
FORMED AT 'PEG

Will Take Over Business of Foley
and Larson and Several
Others

Winnipeg, June 13.—A company
with a capital of one million dollars
was formed here on Saturday to buy
out Foley Bros. and Larson, whole-
sale grocers and manufacturers, the
largest firm of its kind in the West.
The new company will be composed
of the Mooney Biscuit and Confection-
ery Co. of Stratford, Ont., Wm.

gary and formerly of Cordville, the
Georgeson Co., Winnipeg, and Chal-
oner and Mitchell of Victoria, B.C.
It is understood the new firm will
establish branches at all the im-
portant centres in Western Canada.

G.T.P. PROGRESS.

Ottawa, June 13.—All disputes on
that portion of the National Trans-
continental Railway known as Dis-
trict F have been satisfactorily ad-
justed by the arbitrators, Colling-
wood Schreiber, C.M.G., B. B. Kelli-
her, chief engineer of the Grand
Trunk Pacific, and Gordon Grant,
chief engineer of the National Trans-
continental Commission. They have
returned to Ottawa from an inspec-
tion of District F, between Winnipeg
and Lake Superior Junction. This
section of the road, it is expected,
will be opened for traffic in August.

REAL ESTATE ADVANCES.

Winnipeg, June 13.—An important
sale of real estate was announced Sat-
urday when Thomas Thompson of the
Grain Exchange sold his residence,
325 Cumberland street, located on a
fifty foot lot, for \$24,000. Mr. Thomp-
son purchased this place a few years
ago, after leaving Brandon to reside
here, for \$6,000; in the meantime the
locality has developed into a manu-
facturing and warehouse district, and
values have greatly advanced.

LESS WHISKY CONSUMED.

London, June 13.—The remarkable
decline in the consumption of whisky
since the passage of the Liberal bud-
get is increasing. The decrease in
consumption for drunkenness in all
the towns is also noted. During the
fiscal year there was nearly 27 per
cent, or 7,000 convictions less than
the year preceding the budget.

DROWNED HIMSELF

Thomas Crowley of Winnipeg Suc-
ceeded in Lake at Toronto

Toronto, June 13.—The body of
Thomas Crowley of Winnipeg was
washed ashore off Ellis avenue Sat-
urday morning, and identification estab-
lished by his sister, Mrs. J. B. Nich-
olson. A letter, watch and papers
were found on him but little money.
An unsigned letter to his sister stated
that his grip was at the Parkdale sta-
tion, and concluded, "Am ashamed."
Crowley was supposed to have been
at Kenora and it is believed suicided
from depression after a spree.

POVERTY IN ENGLAND.

London, June 13.—The distress of-
ficial statistics show that at the end
of April, out of a population of 35-
750,000 in England and Wales there
were 280,000 paupers, namely, per-
sons who received public assistance.
This figure—over 22 per 1,000 of the
population—is one of the highest on
record. London's paupers total 121-
740, a ratio of about 25 per 1,000.

HE BOUGHT BACK
HIS HOMESTEAD

Waited at Land Office Two Whole
Nights and a Day to
Do It

For the third time in as many
weeks rich homesteads that have been
shut out and thrown open have
tempted people to wait outside the
Land Office door for days and nights
in order to secure the homestead of
their particular choice.

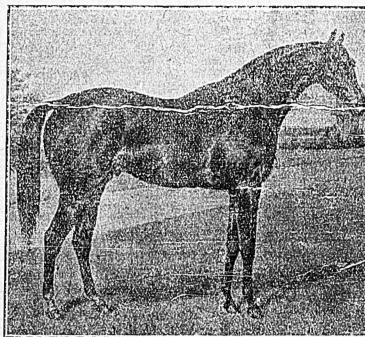

L. R. Freeman of Loughheed is the
latest example of this particular kind
of patience. For two whole nights
and a day he stood in that doorway
in order that when it was opened this
morning he might be able to secure
by purchase a quarter section, which,
more than a year ago he had secured
by pre-emption. Freeman had lost
this quarter section by being misin-

formed by a local real estate man in
regard to the regulations covering
pre-empted homesteads. Mr. Free-
man sold a homestead that he had
farmed several years before, and in
doing so forfeited his right to the
second homestead upon which he had
already effected many improvements.
His right to the land was officially
cancelled this morning at nine o'clock
and Mr. Freeman was on hand to buy
the homestead back at a price of \$5
an acre.

For five years now, Mr. Freeman
has been living in Alberta and farm-
ing, although before that time he had
never farmed. He is a Nova Scot-
ian, but lived in Minneapolis for
2 years where he worked as a mil-
ler. His health finally broke down,
and he came to Western Canada for
a few months. Then he went home
again, but within six months time he
was back in Alberta, and has stayed
here ever since.

Say you saw it in the Capital.

Proper Lubrication

For Steam Traction Engines and Steam Plants

Capitol
Cylinder Oil

Delivers more power, and
makes the engine run
better and longer with
less wear and tear, because
its friction-reducing
properties are exactly
fitted to the requirements of steam trac-
tion engines and steam plants.

Mica Axle Grease

makes the wheel as nearly frictionless as pos-
sible and reduces the wear on axle and box.
It ends axle troubles, saves energy in the
horse, and when used on axles of traction
engines economizes fuel and power.

Granite Harvester Oil

harvests better work from the new machine
and lengthens the life of the old. Where-
ever bearings are loose or boxes worn it
takes up the play and acts like a cushion.
Changes of weather do not affect it.

Standard Gas Engine Oil

is the only oil you need. It provides per-
fect lubrication under high temperatures with-
out appreciable carbon deposits on rings or
cylinders, and it is equally good for the ex-
ternal bearings.

LATE CRICKET SCORES

JEFF IS IN TROUBLE

Grass Valley, Cal., June 13.—J. J. Jeffries must pay a promissory note given a citizen of Bear Valley or stop training for his bout with Jack Johnson long enough to come to this city and defend the case brought against him by C. A. S. Stott et al. When the case was called in court yesterday the attorney for Jeffries asked a continuance to a later date after the big fight, but Judge Jones set the case for June 15. The fighter in his answer claims the note was given to pay a gambling debt.

THE WIND SHE BLEW
A HURRICANE, ETC.

Played the Mischief With High Fence at Diamond Park—Broke Telephone Wires

The high wind of Saturday that played hob up town, blowing the ladies' dresses around in merry fashion, and at the same time throwing dust in the had men's eyes, also left a souvenir of its visit at Diamond Park. The fans, on descending the hill for the afternoon game, were surprised to see how plainly the players could be distinguished at their preliminary workouts. On closer inspection it was seen that the fence that formerly reached from the end of the bleachers to the north-west extremity of the grounds, with the exception of one small section had been blown to the ground, the remaining piece fell during the progress of the game and gave the spectators a bad scare. The visiting pitchers were enrolled as special policemen and saw to it that the fans entered by the legal entrance, and came through with the required legal tender. The cause of the fall of the fence, must have been heard by every small boy in Edmonton as they were all at the game and some even occupied choice seats in the grand stand. It was a great day for the youngsters. Fortunately the team is still leaving for the east so the directors will have ample time to have the fence fixed before the next home series. When the carpenters are at work upon the repairs of the fence, it would be very easy for them to get busy and fix up some accommodation for the sporting scribbles. This is merely a suggestion to the management.

UNLUCKY ROXY WALTERS

Roxy Walters is colliding with a hard luck sign at every turn these days. First, along comes a Calgary cop with the information that "Noodles," who has been signed up as the official mascot, should be kept in a cage with iron bars, not less than half an inch thick, nor more than three inches apart. Then poor Roxy is forced to play here with a number of his best men laid up for repairs. This is followed by a mix-up camp of O'Hayer, the Lethbridge first sacker, who has also been signed up by Roxy, but whom the Lethbridge team refuses to release. The trouble with President Ekstrom over Brookings is another feature of Roxy's hard luck, and to cap it all, Umpire Smith landed on the Teddy Bear captain last night with both feet, and as a result of a slight chewing match, in the sixth, Roxy had to retire to the dug-out, while McDonough took his place at short.—News.

PLAYED THE LONG-SHOT

E. H. "Snapper" Garrison the once famous jockey and now owner of Miss Poplar, Sir Chilton, and other horses, has had a colored stable hand in his employment nicknamed "Country" for the past five years, in which a good story is told. "Country" was complaining of internal pains at Woodbine during the recent meeting, and "Snapper" sent him to a doctor he knew on Spadina avenue, with his card and the address on it. Next morning "Country" was on the job bright and early, and with the smile that won't come off," said: "Good mornin', Mistah Garrison; I's feelin' all to the good dis mornin'."

"Well, did you get fixed up all right, 'Country'?" inquired Garrison.

"Yes, sir, and I's done taken three doses of dat do' already dis mornin'."

"You found the doctor I sent you to all right?"

"Yes, sir, but when I got there I saw a sign on the door, '10 to 12. Right next door one said to 10, I and de long-shot for mine, boss.'"

NEW WESTMINSTER WON

Took Vancouver Into Camp by a Score of 4 to 3

Vancouver, B. C., June 12.—The New Westminster lacrosse team again upheld their championship title by defeating Vancouver 4-3, although somewhat hampered by the absence through injury of their fast home fielder, Spring, Griffiths, the big Vancouver point, had to withdraw during the last half, owing to an injury to the eyes. The game was fairly fast and occasionally a trifle rough, but the rooters strenuously objected to the decisions of Dewar, of Victoria. Vancouver played several reserve men and Weldon Clarke in goal justified the choice. Indeed, the defence of both teams was the strongest point, accounting for the small score. Not until the second quarter was well advanced did the Royal City score, and no more was scored until the third quarter, when each side garnered a goal. In the last quarter, the attack loosened up and now each were added to the score, resulting in a victory for the Royal City, 4 to 3.

TORONTO WERE BEST.

Toronto, June 12.—In twenty minutes' overtime Toronto defeated Montreal in an intensely fast and exciting N.L.U. game by 6 goals to 3. The locals showed superiority in the early stages. The half time score was 3 to 0 in their favor. There was no scoring in the third quarter. In the last quarter Montreal's speedy home netted three goals. Two extra periods, ten minutes each, were ordered and the Toronto then romped away with three goals. The game was played in pouring rain.

A FOOTBALL PROTEST.

The Caledonian "B" team have protested Friday night's game against North Edmonton, on the grounds that McCormick, who played for the latter team, was not a registered player.

REVOLT AGAINST JAPAN

Vladivostok, Russia, June 13.—An anti-Japanese rising of serious proportions is being plotted, it is reported in North Korea, by Koreans who are opposed to the annexation of Korea by Japan and who are the enemies of Japan generally.

CLARKE COMES WEST

Toronto, June 12.—Bun Clarke, an ex-Tecumseh player, is leaving today for Vancouver, where he will play golf this season for the Vancouver team. Con Jones is giving Bun Clarke \$90 a game for seven games and a position worth \$15 per week.

CAKE COSTLY THERE

Stewart, B. C., June 13.—Stewart volunteer fire brigade is now organizing. For the purpose of raising funds, a cake and pie sale was held. So rare are these luxuries at the new camp that the standard price of cake was fixed at \$11 each, while a five dollar bill secured a pie.

NEW DIRECTORS OF
HUDSON BAY CO.

William Mackenzie Is Named as a Probable New Member of the Board

London, June 11.—The Hudson's Bay Company affairs are moving quietly toward readjustment, which will be in the nature of an upheaval at the next month's meeting. Lord Litchfield and Alderman Vaughan Morgan are to retire from the directorate by rotation. Neither will offer himself for re-election. No final decision has yet been made as to the new directorate, but probably points to namely: Wm. Mackenzie, Richard Burdidge, managing director of Harrod's stores; Vivian Smith, of J. P. Morgan's; and Mr. Kitterly, of Pears.

It is anticipated the board will split up business into three sections, namely, land, trade and fur. Especial developments are anticipated in trading on lines demanded by the new conditions in the west. Upon question of who will take Lord Litchfield's place as deputy governor, no authoritative information is yet available. No serious suggestion is made by Lord Strathcona himself, or others, that he will cease to be governor, though the new members of the board are certain to exercise greatly his influence.

HOMESICKNESS IS
A REAL DISEASE

Because of it Many Russian Immigrants Have to Be Sent Back

THEY BECOME INSANE

All Nationalities Suffer, But the Slav is the Most Liable of All

Montreal, June 13.—Several Russian immigrants who have manifested symptoms of insanity since their arrival in Canada, are now being taken back to the country of their origin via the Canadian Pacific steamers to England.

One of the immigration officers at the Windsor street station said that the men are undoubtedly insane through that strange malady nostalgia, from which many of the Slav immigrants suffer. Nostalgia is nothing more or less than homesickness, but homesickness so acute that it assumes the form of a disease.

"The immigrants from Russia seem peculiarly liable to this disease," said the officers above referred to. "The United States has spent hundreds of thousands of dollars in transporting back to Russia immigrants who have gone insane through homesickness. Until about a year ago the law made it compulsory for an immigration officer to accompany every such person back to his home town or village in Russia, but now it is sufficient to hand him over to the care of the authorities. Such expensive journeys for the government were becoming far too frequent."

"Why nostalgia should affect Russian immigrants more than any other is hard to say. There seems to be something in the Slav temperament which has its roots down deep in its native soil, and transplanting in many instances is productive of the most disastrous results. Compared with the United States, Canada has been remarkably free from insanity through homesickness, but the increasing number of Russian immigrants is now showing the same results here."

"Individuals of other nations, of course, suffer in the same way, but not nearly so frequently. From this point of view British immigrants are by far the most satisfactory. They seem to think that the wide world is their home by natural birthright, and put them down wherever you will they are quite at home."

KING GEORGE HAS
MINER'S LICENSE

Holds Free Miner's Certificate in Revelstoke Mining Division in British Columbia

Revelstoke, June 13.—A large number of free miners' licenses were renewed at the end of May this year, according to the statement from the local court house officials.

It is not generally known that His Majesty King George V. holds by full right a free miner's certificate in the Revelstoke mining division. The renewal of the license was made on May 31, to King George V., who in payment of \$5 in the right of the Dominion of Canada is entitled to all rights and privileges of a free miner, the certificate signed by W. E. MacLachlan being numbered 1349-10.

The manner in which King George holds the certificate is interesting. In 1906 C. Deutchman and A. Johnson discovered the famous "Deutchman Caves" in the Selkirk east of here and realizing the great value of their find at once proceeded to acquire a title to the land wherein the caves were located. This apparently could only be done by taking the land up as mineral claims, which they did and staked off the three claims named respectively "Skookum," "Drum Lummon," and "Buckhorn Paction." All situated near Crown Creek at Ross Peak. After these marvellous caves had been explored, the discoverers transferred their rights to the Dominion government who took over the mineral claims in the name of the then reigning monarch, King Edward VII.

The holder of a mineral claim in B. C. must hold a miner's certificate and consequently the license has been issued from the local office to the English king, who pays the fee. On the death of King Edward, the license was made out in the name of King George V. and the usual receipt for the license has been made out and forwarded to the Dominion government by W. I. Briggs, agent for the Department of Justice in Canada, to be forwarded to His Majesty, King George V.

NO ONE TO BE
DISAPPOINTED

Owing to the delays in the mails hundreds of applications for shares did not reach the executive office until too late. Closing out date to be extended until July 16th.

COALINGA-EUREKA OIL CO. (Inc.)

From the volume of applications which have arrived at our office several days after the closing out date, May 28th, for shares in this Company at 25 cents per share, the executive body met and decided that it would be to the best interest of all concerned to fill these delayed orders and extend the same privilege to those at a distance, who could not see the advertisement, owing to lateness in issue of paper, in time to enable them to wire their order here by the closing out date, May 28th.

This is, therefore, a final opportunity for you to secure a block of stock in the Coalinga-Eureka Oil Company at 25 cents per share. No application received for less than 100 shares.

You must bear in mind, however, that no further extensions will be granted. Under no consideration will there be shares offered for sale by the Company, after July 16th, at less than FIFTY CENTS per share. Do not delay, therefore, since the block to be sold at 25 cents is limited.

Since the last advertising announcement appeared in this paper, several new wells have come in with large volumes of oil in the Coalinga oil fields.

Shrewd, far-seeing investors, capitalists from all portions of the world are thronging to Coalinga, the greatest oil fields in the universe, until the district has become a veritable hive of bees, young and old, anxious to take advantage of this great opportunity of making a maximum amount of money at the minimum of investment.

The oil fields of Coalinga are richer than the gold fields of the Yukon ever were. Do you know that if you had invested \$100 at the inception of the following companies, you would have made:

Silver Tip	\$ 600
W. K.	1,000
Sterling	1,000
Premier	1,100
Monte Cristo	1,120
Record	2,000
S. F. & McK.	2,400
Laudough	4,160
Lucile	5,000
San Joaquin	5,700
Peersless	6,350
Kern River	9,500
Central Oil	15,000

COALINGA-EUREKA OIL CO. (Inc.)

Selkirk Block, 135 Hastings Street, W.,
VANCOUVER, B.C.

"Pinal" shares sold at 25 cents, they are now selling at \$25 and paying monthly dividends of 15 per cent., an income of \$60 per month on an investment of \$100. When the "Silver Tip" came in, the stock jumped over night from 66 cents to \$4 and has been paying monthly dividends of 10 per cent. ever since.

Similar opportunities are open to you, but you must think for yourself, have the courage of your convictions and act.

Development work is being rushed forward on Well No. 1 of this property, with the result that within a few weeks' time the drill should be down to the oil levels, and the Coalinga Eureka Oil Company's property should be one of the biggest and most profitable propositions operating in the Coalinga fields.

The property is especially well situated, being adjacent to the largest producing properties in the Coalinga field. This means that our property must be immediately above the great oil pools.

The chair was taken by Mr. G. H.
Field, president of the McDougall

who impressed on his hearers as men
and women, independent of whatever
sex to which they might belong, to
do their utmost to banish the saloon
from our midst, declaring that if
that end was accomplished Canada
would be rid of the evils attaching
to the drink traffic for ever. Mr. Cra-
mond presided at the piano, and added
to the interest of the pictures with
interludes fitting to the subject.

STUCK FOR THE SKEWERS

New York, June 13.—Wholesale
meat dealers of this city are selling
\$87,662 pounds of wood a year to the
retail butchers as meat, according to
an estimate made by Clement J. Dis-
coll, chief of the Bureau of Weights
and Measures. The wood is in the
form of skewers which are put in the
carcasses.

The value of this amount of meat,
at an average of 16 cents a pound,
would be close to \$100,000, which
comes out of the pockets of the con-
sumer.

HE WENT INSANE FROM THE PAIN

Young Man Had Twenty Teeth
Pulled — Went Temporarily
Out of His Mind

WAS FINED AS A DRUNK

Physicians Ready to Testify
That His Actions Were Due
to Effects of Drug

Suffering so intensely from the af-
fects of having twenty of his
teeth removed that he went tempo-
rarily insane was the financial and un-
fortunate experience of John Wright,
a young man employed at the C.T.P.
shops.

Wright had an appointment with
Dr. Darling on Saturday afternoon to
have the teeth removed. In order to
brace himself for the trying ordeal,
he took a glass of stimulant before he
went to the dentist's office. As
usual in such cases, the doctor in-
jected quite a quantity of cocaine into
the young man's gums. Then the
teeth were pulled, and Wright left.

He went into the Capital Drug
Store on Jasper avenue west in or-
der to get something to alleviate the
pain. But just then the mixture of
the stimulant that he had taken and
the cocaine that had been adminis-
tered to him, acted in a most startling
way. The drug affected his brain,
and for a while the unfortunate young
man did not know what he was
doing.

He struggled around the store,
smashing several bottles and doing
other damage. Dr. Darling was called
in, and then Dr. MacDonald, Dr.
Wright and Dr. MacDonald were
called in to assist in quieting the
young man. So violent did he be-
come, that he was finally taken to the
police station.

This morning Wright was brought
up before Magistrate Cowan on a
charge of being drunk. The young
fellow pleaded guilty, and although
two doctors were present to give
evidence that it might have been
the cocaine that had helped to affect
him, the magistrate fined him \$4 and
costs. It was not even suggested that
this money might be paid over to the
proprietor of the drug store. The af-
fair came at a rather unfortunate
time for the young man as he has
only been working about three weeks,
and what with the fine, the damage
bill and the dentist bill, he is rather
hard hit.

EDMONTONIAN FOR BISLEY
The "B" Squadron, 19th A. M. R.,
will again have the honor of being re-
presented at Bisley in the person of
Sgt. McInnis, who was fourth for the
King's prize last year and who is the
winner of the Governor General's Cup.
Sgt. McInnis, who is considered to be
the best marksman in the Dominion,
will join the Canadian Bisley team at
Montreal, where they will embark for
England. His expenses are being de-
frayed this year by the officers of the
19th A. M. R. the Edmonton and
Strathcona lieutenants and the prop-
rietors of the Edmonton Hotel and the
Cameron House.

AT THE EMPIRE
With the Marvellous Zancig as
headliners on this week's bill, the Em-
pire has without the slightest doubt
a bill that will cause a sensation. The
new offering which opens with today's
matinee at 2 o'clock, is replete with
comedy. That it will make a hit is a
certainty.

The Zancig's have a reputation which
was honestly earned on both sides of
the water, as being the greatest mind
readers and telepathists in the world,
and they have a standing offer of
\$2,000 to anyone who can duplicate the
feats they performed before the great-
est scientists in Britain and Europe.
Sophie Tucker New York's latest
sensation is also one of the big num-
bers on the new bill. Her work is on
an entirely new line and as a comedy
actress she is conceded by the best East-
ern critics as being in a class by her-
self.

The Martines in Trampoline acro-
batics have an amusing and clever
offering, and as this is the first comedy
acrobatic offering since the affiliation
with the new circuit, they will prove
delightful change from the "straight"
line of acrobats.

Geo. W. Day as a black-face com-
edian, is one of the leading lights in
the minstrel world today and his fun-
ny songs and talk will cause no end
of amusement.

Another act of more than ordinary
merit is that presented by the Three
Millers, comedy dance jugglers. They
have a neat line of work and the com-
edy element throughout the turn
makes it all the more agreeable.

MAJOR SAUNDERS RETURNS HOME

Edmonton Man Completes Tour
Around the World—Was in
King's Funeral

Accompanied by his wife and two
daughters, Major Saunders of Saun-
ders & Seymour, who left Edmonton
for a tour of the world on New Year's
Eve, returned yesterday afternoon af-
ter an interesting trip of six months'
duration.

The party travelled to the coast and
from there embarked on one of the
Pacific liners for China and Japan.
Then through the China Sea and the
Red Sea and Suez Canal they finally
reached England about March 15th.
They then visited Switzerland and
Major Saunders, leaving his family
there, returned to London to transact
some business, happened to be there
just at the time of the death of King
Edward, and was able to take part in
the funeral procession as a representa-
tive of the Canadian militia.

In a brief account of his impressions
of the solemn procession, Major Saun-
ders said that the most impressive
moment he could describe was the pas-
sage of Queen Alexandra into Pad-
dington Station, when she bowed to
the Canadian representatives who had
fallen out of the procession and re-
mained by the side of the street to
watch her pass.

Mrs. Saunders and her daughters are
still in Switzerland and will return
later. Major Saunders will leave town
today to go into camp with the 49th

MILITIA OFF TO CAMP

Edmonton has quite a military as-
pect today, with all her soldier boys
mobilizing for their two weeks ad-
vance to the front. Every officer and
private in the 49th Albert Mounted
Rifles and the 101st Fusiliers who can
possibly get away for the fortnight
at camp, is busy today shining up ac-
countments, polishing boots, gather-
ing their damage together, and get-
ting ready generally to leave at
eleven o'clock tonight for Calgary.
Rifles have been riding around town
with little books in their hands con-
taining lists of the men that are to
go, and seeing to it that these men
are safely started for the armories,
where they get their kit.

It is expected that about three
hundred men will leave tonight for
camp. The regiments will parade at
the armories at six o'clock, and soon
after that will march over to Strath-
cona, where the strenuous business
of unloading will be proceeded with
by eleven o'clock it is expected that
all will be in readiness for the "ar-
moured train" to start on its dash for
the front.
